*Ohana*  
ukuleles

**At Ohana, we believe in the importance of Quality, Playability, and Value.** Located in Long Beach, CA, for over 10 years we have focused on making ukuleles from rich tonewoods, complemented by construction that yields the best-sounding instruments possible.

We are passionate in what we do. It is crucial that all acoustic instruments are properly inspected and set up before shipment. At Ohana HQ, we inspect and set up every instrument before delivery to our authorized dealers around the world. We believe that an instrument in a player's hand, regardless of skill level, ought to be functional, playable, and should encourage the player to continue to learn and create music.

At Ohana, we believe innovation is the key to any endeavor, tempered with an appreciation for those who paved the way for the ukulele before us. When conceptualizing a new series, we take everything into consideration— from sourcing and pairing tonewoods, to the unique shape and construction of each model.

As a player, you deserve Quality, Playability, and Value when purchasing a musical instrument. Thank you for choosing Ohana as part of your ukulele collection. We promise to continue to strive for excellence in our instruments and service.

# CYNTHIA LIN SERIES

The Cynthia Lin Signature Series by Ohana features quality ukulele models with features chosen by the artist. A floral inlay at the 12th fret echos the plumeria often worn in Cynthia's hair. Worth Brown strings give the instrument a lighter touch, while the artist's signature crowns the headstock. This series includes an appropriate bag or case for the model, and swag from Ohana and Cynthia!

The Ohana CK-14CL was made to Cynthia's specifications with the discerning student in mind! All laminate mahogany and Grover geared tuners work with Cynthia's lessons for the perfect beginner's uke!
